Indomie

Cabe Ijo relaunch - 181 comments - other_neutral leads at 56.4%

BACKGROUND

Indomie brought Goreng Cabe Ijo back after pulling it from shelves. Two videos lead with the same three claims: hotter, more savoury, made with real green chili. The Jumbo variant appears in the product shot but is never stated.

DECISION	TRAVELLED?	HOW THE AUDIENCE HANDLED IT
Authentic green chili flavor	Partly	16 of 181 comments raise the flavour claim
Bolder, upgraded taste	Partly	9 of 181 comments raise the taste upgrade
Real green chili	No	5 of 181 comments raise the ingredient
Jumbo Size Variant	No	4 of 181 comments raise the size
The return itself	Raised by the audience	28 comments celebrate the comeback the brand never claimed

TALKED ABOUT INSTEAD

What the audience talked about

Other (23.8%) and Bring back other variants (22.1%) dominate the conversation.

COMMENTS

"Akhirnya, setelah 12 Tahun Indomie rasa cabe ijo gak ada di warung di supermarket dan minimarket kini sudah kembali dengan adanya jumbo."

The comeback, not the recipe, is what the audience turned up for.

SO WHAT

- Lead the next Cabe Ijo cut on the return itself. The audience is already carrying that story for free.
- Answer the variant requests on channel. 40 comments name a discontinued flavour they want back.

Read this before quoting it

- 181 comments is under 100 per video on one of the two, so read the split with care.
- Low travel means the claim did not arrive, not that the audience rejected it.
- Labels carry no context, so sarcasm reads as anger.
- Commenters are not buyers.
